“ Over the years I got to know both Don and Kay and loved them both. They were both the cream of the crop in my estimation. I share your loss and understand the void that has been created. I also applaud your care and love this past year as you will see the joy in being able to be with them to the end. That, as you look back, will be the very best. I lost my husband this past month and understand so much of what you are going through but as a nurse, I honor you and all you did for both of them. Much love to your whole family Jo Ann Inman RN

“ I've had many bosses in my life...but Don was the best. He was considerate of all his employees and treated us fairly and with respect. He was honest to the core and I was proud to have him as a boss and later as a family friend. He lived a life of integrity and we will miss him. With our sympathies to you Kirk and Kathy, with love, Chris and Fawn Glassford

“ Kathy/Kirk:

Even though we were competitors I had the opportunity to work with Don on numerous industry activities throughout the years. I enjoyed our relationship and had the deepest respect for him. He was a class guy and Beaudry Heating was a class company. He left me with many fond memories. You have my deepest sympathy.

“ Kirk I am so sorry to here of your fathers passing. I learned of your mothers passing from his obituary. I know how close you were to them. I never had the chance to work with your father but everyone always spoke very highly of them both. Hoping your memories will help you through this sorrowful time. Sharon Baker
