“ *Such wonderful words
I too remember him being a gentle kind man. He always made Christmas very special when i was young I remember we always had to dress in Sundays best for grandpas visit.
He was my grandfather. Whom I haven't seen in 45+ years. My mother was his oldest daughter.
May he rest in peace 🙏*

“ *Larry worked for my Dad for years so he was in town all the time. We all became family and we adored Larry.
I especially remember a business trip when Mom and I went along, to Vegas and San Francisco. The four of us had such a special time.
We had a closeness with Larry that will remain in my heart forever. We were so happy when he and BJ married for he was finally happy and totally content.
He and I kept in touch long after I lost my parents. We spoke on the phone often. He would always tell me how much my parents and I meant to him. We loved him back so much.
I will for always miss my dear friend Larry Brehm!!*

“ *Bj, as he went by, when ordering take out at a local Italian chain. He was always pleasant and nice. He was a devoted husband(getting take out for his wife and himself). I enjoyed talking to him and always walked him to his car after he had to use a cane. I purposely talked to him as a friend not as an "old person" I think he appreciated it. Complaining about doctors and other things, he was a good soul. My condolences to his family.*
