“ We were neighbors of Lorinne and John. They lived directly behind us They were both great people. Lorinne taught me how to knit. The last time we saw Lorinne was at Johns funeral. I know she loved living up north. I'm sure she had a good life. Don and Joyce Baum

“ Lori was one of my favorite ladies when I worked at a local retirement community. She did so much for Operation Christmas child, making hundreds of toys every year for the shoe boxes. She will be missed!
