“ I have known Shirley since kindergarten. We grew up in Mack School area, and were friends all through school. Also went to same church. She was very athletic growing up and had lots of friends all the way through school. We will all miss her at our 65th reunion this year. Know your girls were always there for her and she loved you both dearly. She was definitely a family person. May she rest in peace. Pat Hentz

“ Hello Pat,
Thank you for your kind words about my Mother. My Mother had a wonderful life and wonderful friends like yourself that she treasured. She was not too well the last two years of her life but yes she loved her family and friends. Amy & I moved her up to Northport two years ago to be closer to Amy & her family since they live in Traverse City now. The facility she lived in for the past two years loved her like we did and took exceptional care of her - sat with her on her death bed at the hospital with her.
So we were lucky and thankful for them. If she could be at your Reunion this year you know she would be as all her classmates were so special to her - please share this with all at your event.

I trust you are well and your family is well too. Again it was good to see your posting about my Mother

Thank you,
