“ Sally, I am so sorry about Tommy! I remember going to school with Tommy in Hampton, Va.
He was a kind and gentle man and a loving soul. He was there for anybody who needed someone to talk to. RIP Tommy!
I love you, Sally

“ I have known Tom since he was a baby when the family was transferred to Bentwaters RAF station in England where our families became lifetime friends. Later in Tucson when Tom and Michelle were youngsters and also when Joe and his dad, Tom, were in Vietnam.
In recent years Tom took me along with some of my family members out on his boat. Fun! He introduced me to a new card game as his disease progressed and I shared fun times playing with Tom and Sally. Good memories remain in my heart of a fine man. My prayers and deepest condolences along with my love are with Tom's family now. God be with you. Tom will be fondly remembered by so many.
Love and prayers,
Beverly Moore
